Developments (cont)

Sandyford High Level Water Scheme

Work nearing completion. Increased water pressure and guaranteed water supply to cater for demand for next 20 years are main benefits. The Green has been reinstated and road resurfacing and kerbing to be complete by end of May

Respect

The LHRA & Gardaí in Stepside have had quite a number of complaints made to them regarding disrespectful behaviour from children from Leopardstown Heights towards other children/neighbours.

We would ask all parents to be vigilant regarding the whereabouts and behaviour of their children. And we ask the children simply to behave as they would like others to behave towards them.

Tidy Districts Entry

We hope to enter the Tidy Districts competition again this year. After the year of the 'trench' the estate is beginning to recover it's old ambiance & we're hopeful of success. Each of us has a part to play,

Be a considerate neighbour

Know your neighbours - they're always there for you!

Keep footpaths clear for pedestrians/children/buggy users - not cars

Maintain grass verges immediately outside your home

Pick up AND TAKE HOME after your dog. There's nothing worse than litter pickers coming across those indestructible plastic bags of pooh.

Please discourage your dog from playing/urinating around the children's playground area.

Going to the playground? Why not pick up a few bits of rubbish while you're there?

Gently remind any kids seeing leaving stuff behind themselves too.

Ensure your wheelie bins shut well.

When you're having a party, Invite us in!

Subscriptions

That time of year again! A committee member shall be calling soon, Subs for 2010 are set at 20Euro.
